Getting involved at KPC is a straightforward process designed to cater to your individual preferences and schedule. The first step is to determine which membership level aligns best with your needs. KPC offers a range of options, starting with 10-Pack Passes, which provide 20 hours of court time and can be shared with playing partners. For those seeking more extensive access, the Annual Unlimited membership is available. If you're a seasonal player, KPC offers a Seasonal Membership, allowing you to take four months off each season or opt for two two-month breaks per year. KPC also offers convenient access to our Learn To Play and Skills and Drills coaching programs, designed to enhance your pickleball skills and overall enjoyment.

Once you've identified the membership level that suits you, we encourage newcomers to the game to register through CourtReserve for our Social Play for Beginners program. This program provides an excellent starting point for those looking to learn and enjoy pickleball. Beyond this, KPC offers a variety of opportunities for players of all skill levels, including Social All Levels Play and Club Ladder events. Moreover, you'll have the chance to forge new friendships within the pickleball community and reserve private court time to play with your newfound pickleball community. At KPC, we aim to make your journey into the world of pickleball as enjoyable and accommodating as possible. Join us and let your pickleball adventure begin!

**KPC's membership choices are thoughtfully crafted to offer both flexibility and affordability.**
